End Note

We feel proud of our 535 CSO Partners working in India to achieve the 169 set-targets of 17 Sustainable Development Goals (SDGs) by 2030. Hence, the current issue of **PARTNERS PAGE** is being published as a tribute to all our 535 CSO Partners all over India, working on COVID-19 across 25 states and 2 union territories since April 2020. It's a long 11-month period of hardship and turbulence all along !!!

The last issue of **PARTNERS PAGE** was circulated worldwide and had reached to 22,000+ individuals of different national & international institutions, either directly by email or indirectly through social media viz: Facebook, Twitter, LinkedIn, etc.

Since the COVID-19 outbreak in March 2020, many of our consortium members have been busy doing their best to help the cause by supporting the marginal and outreach communities living in remote areas of different backward districts in India.

Under Public-Private People's Partnership Programs, we are treading cautiously to start an innovative initiative on our much ambitious Multicentric Project in India on "COVID-19: Survivors & Warriors" in the coming financial year.

Look forward to working with you in near future,

Warm regards & Best wishes,

~AIHMS-Global Team.
