*****An Important Communiqué on World NGO Day*****

Since the severe COVID-19 outbreak in April 2020, many of our consortium members have been busy doing their best to help the cause by supporting the marginal and outreach communities living in remote areas of different backward districts in India.

We feel proud of our 535 CSO Partners working in India to achieve the 169 set-targets of 17 Sustainable Development Goals (SDGs) by 2030. Hence, the current issue of **PARTNERS PAGE** is being published as a tribute to all our 535 CSO Partners all over India, working on COVID-19 across 25 states and 2 union territories since April 2020. It's almost a long two-year period of hardship and turbulence all along !!!

Under Public-Private-People's Partnership Programs, we have started a few innovative initiatives in India on **"COVID-19: Survivors & Warriors"** in the last financial year.

The last several issues of **PARTNERS PAGE** were circulated worldwide and had reached more than a billion individuals of different national & international institutions, either directly by email or indirectly through social media viz: Facebook, Twitter, LinkedIn, etc. **Those Special Numbers on COVID-19 are being placed in both of our websites for your reference .**

Looking forward to work with you in near future,

Warm regards & Best wishes,

~AIHMS-Global & VIKASH-SAMUKHYA Team
