The 66 organisations working to improve human and environmental health undersigned

The Rt Hon. Boris Johnson MP

Dear Prime Minister

30 June 2021

Climate change leadership: an opportunity to champion women and girls

There is increasing evidence that gender-responsive climate action is foundational to climate change adaptation and resilience, and to conserving biodiversity. At COP25, Parties to UNFCCC agreed an Enhanced Lima work programme on gender and its gender action plan. At COP26 we must build on this by recognising the importance of removing:

1. Barriers preventing women and girls from accessing rights-based, high-quality family planning services, and
2. Barriers preventing girls from accessing school, feeling safe whilst there, and completing all levels of their education.

Highlighting these barriers and solutions to their removal at COP26 would build on recent UK Government efforts. For example, in February 2021, HM Treasury published the landmark report *The Economics of Biodiversity: The Dasgupta Review*, which highlighted the importance of removing these barriers. In November 2020, the UK Government voted in favour of the International Union for Conservation of Nature motion, *Importance for the conservation of nature of removing barriers to rights-based voluntary family planning*.

Globally the Intergovernmental Panel on Climate Change noted, in its *Fifth Assessment Report*, the value of family planning, and the UN Environment Programme's fifth *Global Environment Outlook* calls for greater access to family planning programmes along with women's education, as does UNEP's 2021 report *Making Peace with Nature*.

So whilst climate scientists, policy makers and the world's largest environmental network recognise the importance of removing these barriers, this has not yet translated into adequate resourcing from climate funding mechanisms. As organisations working to improve human and environmental health, we call on the UK Government to:

1. Ensure all UK Government-funded climate mechanisms expressly encourage climate adaptation/resilience programmes with a direct focus on removing barriers to family planning and girls' education; and
2. Encourage financing mechanisms supported by the UK Government, and other climate donors, do the same.

Given the recent cuts to the aid budget and the urgency of the climate crisis we need innovative ways to integrate development and climate programming. The changes we call for would have no impact on total UK Government expenditure; we request merely a change in the eligibility and focus of existing funding mechanisms. This is a change which can be implemented in time for announcement in Glasgow. It would benefit girls and women in communities most vulnerable to climate change and would be appropriate for a Government that is a long-standing champion of sexual and reproductive health and rights. In a year when the connections between human and environmental health have never been more acute, we stand

ready to support you in making this a key outcome of COP26 as a cost effective and transformational response to gender inequality and the climate crisis.

Yours sincerely

बिहारशरीफ । नालंदा जिले के नूरसराय प्रखंड में असंगठित मजदूरों, चिकित्सको, पुलिसकर्मियों, बैंककर्मियों एवं आम लोगों के बीच संकेत वाई एस बेंगलूर के सहयोग से एवम् मानव सेवा केंद्र लोहड़ी के सौजन्य से लोहड़ी, ककरिया सहित अन्य जगहों पर उत्तम किस्म के मास्क का वितरण किया गया।

मजदूरों, स्वास्थ्यकर्मियों एवम् उपस्थित लोगों के बीच मास्क वितरण के दौरान समाजसेवी पुरुषोत्तम पांडेय ने कहा कि कोरोना काल के दौरान 'स्वास्थ्यकर्मियों', पुलिसकर्मियों एवं अन्य कोरोना योद्धाओं का सराहनीय योगदान रहा है। असंगठित मजदूरों जैसे ठेला सब्जी विक्रेता, फल विक्रेता जैसे अन्य मजदूरों का भी आम लोगों के बीच खाद्य संबंधित अन्य सामग्री पहुंचाने में भी अहम भूमिका रहा है।

इस दौरान आम लोगों को मास्क लगाने के प्रति जागरूक किया गया। समाजसेवियों ने

कहा कि कोरोना योद्धा जिस तरह से अपना जी जान का प्रवाह किए बगैर मानव सेवा कर रहे हैं वह काबिले तारीफ है। हमें उनका सम्मान करना चाहिए। उन्होंने कोरोना योद्धाओं का हौसला बढ़ाया। वस्तुतः कोरोना संक्रमण के दौरान सावधानियां बरतने की जरूरत है। नकारात्मक सोचने के बजाय सकारात्मक सोचें। हम सभी यदि इस बीमारी के प्रति सजग, सचेत व जागरूक रहेंगे तो कोरोना हमें कुछ नहीं करेगा।

उन्होंने कहा कि कोरोना का टीका जरूर ले, स्वयं के साथ साथ अन्य को भी टीका लेने के लिए प्रेरित करें। इस नेक कार्य के लिए समाजसेवी और सद्भावना मंच (भारत) के संस्थापक दीपक कुमार ने कोरोना काल में लगातार मास्क वितरण एवं अन्य सहायता करने हेतु पुरुषोत्तम पांडेय को बधाई दिया है।
