UN-SDGs: Partnerships to achieve the Goals

Civil Society Response in India

WORLD POPULATION DAY

How the population tripled in 70 years

World Population Day:
What will the world
look like in 2050?

*****International Day of Friendship Greetings*****

In the month of **June 2018**, we had started our first issue of **AIHMS PARTNERS PAGE** as a humble monthly publication with a total circulation of 1,000 copies to all partners and patrons. After so many months of consistent efforts, we are proud to reach 7,000+ global institutions and 70,000+ individuals every month.

We are honoured to publish the **74th Edition of AIHMS PARTNERS PAGE** for your ready reference of our activities in India. However, all the earlier volumes have been made available in both of our websites that can be reached by you at any time:

<https://aihms.net/e-newsletter.html>

<https://www.vikashsamukhya.in/e-newsletter.html>

As you can well recall that the severe outbreak of **COVID-19** in April 2020 has led to many of our consortium members doing their best to help the cause by supporting the marginal and outreach communities living in remote areas of different backward districts in India.

In September 2023, we have celebrated the Global Week of Sustainable Development Goals worldwide and the current issue of **AIHMS PARTNERS PAGE** is being published as a tribute to all our 535 CSO Partners all over India, working on 17 SDGs across 25 states and 2 union territories.

Sincerely, we thank you for your encouragement and support all these years and look forward to working with you in near future when another new wave of Respiratory Infections is threatening us right now.
