## **Best Wishes For The New Financial Year (2023-24)**

Tomorrow, we will be starting the new Financial Year (2023-24) with hope and aspirations that might enhance our morale to do more what we do the best in last so many months to achieve the 169 set-targets of 17 SDGs by 2030.

In the month of June 2018, we had started our first issue of **PARTNERS PAGE** as a humble monthly publication with a total circulation of 1,000 copies to all partners and patrons. Post 56 months of consistent efforts, we are proud to reach 5,500+ global institutions and 55,000+ individuals on a monthly basis.

We are honoured to publish the 58<sup>th</sup> Edition of **PARTNERS PAGE** for your ready reference of our activities in India. However, all the earlier volumes have been made available in both of our websites that can be reached by you at any time.

As you can well recall that the severe outbreak of **COVID-19** in April 2020 has led to many of our consortium members doing their best to help the cause by supporting the marginal and outreach communities living in remote areas of different backward districts in India.

In September 2022, we have celebrated the Global Week of Sustainable Development Goals worldwide and the current issue of **PARTNERS PAGE** is being published as a tribute to all our 535 CSO Partners all over India, working on 17 SDGs across 25 states and 2 union territories.

We thank you for your encouragement and support all these years and look forward to working with you in near future when another new wave of COVID-19 is threatening us right now,
