*****Greetings on International Day for
Universal Access to Information*****

In the month of **June 2018**, we had started our first issue of **AIHMS PARTNERS PAGE** as a humble monthly publication with a total circulation of 1,000 copies to all partners and patrons. After so many months of consistent efforts, we are proud to reach 7,500+ national & international institutions and 75,000+ individuals every month.

We are honoured to publish the **76th Edition of AIHMS PARTNERS PAGE** for your ready reference of our activities in India. However, all the earlier volumes have been made available in both of our websites that can be reached by you at any time:

<https://aihms.net/e-newsletter.html>

<https://www.vikashsamukhya.in/e-newsletter.html>

As you can well recall that the severe outbreak of **COVID-19** in April 2020 has led to many of our consortium members doing their best to help the cause by supporting the marginal and outreach communities living in remote areas of different backward districts in India.

In September 2023, we have celebrated the Global Week of Sustainable Development Goals worldwide and the current issue of **AIHMS PARTNERS PAGE** is being published as a tribute to all our 535 CSO Partners all over India, working on 17 SDGs across 25 states and 2 union territories.

Sincerely, we thank you for your encouragement and support all these years and look forward to working with you in near future when another new wave of Respiratory Infections is threatening us right now.

~AIHMS-Global & VIKASH-SAMUKHYA Team

UN-SDGs: Partnerships to achieve the Goals: Civil Society Response in India

GLOBAL GOALS WEEK

From **September 15 to 24, 2023**, Global Goals Week will mobilize communities, demand urgency, and supercharge solutions for the Sustainable Development Goals (SDGs). Our shared future and the achievement of the Global Goals will be determined by our global solidarity – how we work together across borders, nationalities, sectors and generations.

In 2015, Member States of the United Nations made a universal promise to leave no one behind through the 17 SDGs. One year later, Project Everyone, UNDP and the UN Foundation came together to honor that promise by launching **Global Goals Week**, an annual week of action, awareness, and accountability for the SDGs.

Now in 2023, we have reached the mid-point in the timeline to achieve the SDGs – to make good on our global promise to secure the rights and well-being of everyone on a healthy planet, leaving no one behind. Securing a life of dignity for all is possible. We have the blueprints for transformation; we know what we must do. **Now is the time to act.**

Join the Global Goals Week coalition to cultivate ideas, identify solutions, and build partnerships with the power to solve a wide range of complex global problems from poverty and gender inequality, to infrastructure and climate change. **We don't have a moment to lose.**

Become a partner today!
